2008 to Present

## EDUCATION CLIENTS OVER THE YEARS

## PROJECT OVERVIEW

Over the years since the company started, Phoenix AV has been a key supplier, integrator and training provider to hundreds of schools up and down the country. Some have been as preferred suppliers to local councils or as part of purchasing consortia whilst others have been in support of construction projects. Most have been by direct contact from the school or by recommendation.

There are too many to name them all, but this Case Study Sheet is designed to give an overview snapshot of some of the clients and some of the locations we have supported.
